To,

Dear Parents, Students, Well-Wishers, and Members of the Community,

**Subject: A Proud Announcement – CBSE Affiliation Granted for Classes XI & XII**

Greetings!

It gives me immense pleasure and pride to share with you a landmark achievement in the journey of Bishop Johnson Girls' School & College. We are delighted to announce that our school has officially been granted CBSE affiliation for Classes XI and XII.

This is a moment of great joy and accomplishment for our entire school community. With this new affiliation, our students will no longer need to seek admission in other institutions after completing Class X. They can now continue their academic journey in the familiar, nurturing, and disciplined environment of our own school by taking admission to Classes XI and XII at Bishop Johnson Girls' School & College.

This remarkable achievement reflects the dedication, hard work, and vision of our institution to provide quality education and continuity in learning. We deeply value the trust and confidence placed in us by parents, students, well-wishers, and the wider community, and this development strengthens our commitment to guiding our students toward academic excellence and holistic growth. We firmly believe that this milestone will further enhance the academic reputation and recognition of our institution, helping our school stand out as a centre of excellence.

We warmly encourage our students and parents to take advantage of this opportunity and continue being a part of the Bishop Johnson family for Classes XI and XII. We also seek the continued support and blessings of our well-wishers and the community as we move ahead in this new and exciting chapter of growth.

“We heartily thank Almighty God for His abundant blessings upon our institution and congratulate our hardworking Principal and dedicated staff whose sincere efforts and perseverance have truly paid off.

With warm regards and best wishes,

Yours sincerely,

  
Mrs Preksha Manna.
